

MILITEC LTD

M1500M-5 FIVE BANK TURNING TARGET FRAME

Militec Ltd. produce a range of stationary turning target frames that are capable of presenting targets to the shooter in less than 0.3 seconds.

The M1500M series uses a powerful 12Vdc 100 watt permanent magnet motor to provide a smooth turning action, with minimal target shaking, for the standard plywood backing boards.

All frames are constructed from mild steel sections which have been powder painted and stoved, or on request hot dipped zinc galvanised to prevent corrosion with all fixing being stainless steel.
