BALLISTIC PROTECTION PANELLING FOR PORTABLE MILITEC TARGET UNITS

Bristol Armour opaque armour panels are fibre reinforced composite structures, specially designed for toughness and resistant to low and high velocity projectile impacts.

There are nine grades available to protect against most threat levels, including handguns, shotguns, grenades and high velocity military rifles.

Features:

- Lightweight

- Does not corrode

- No maintenance

- Fire resistant

- Good multi-hit capability

- No fixings required, packed flat when not in use

Armour Grade Thickness	Ammunition	Weapon	Impact Velocity m/s	Range meters
6.0mm	.22 high velocity solid	.22 long rifle	420	Zero
	.38 S & W lead	.38 S & W revolver	210	Zero
	.38 special lead	.38 S & W revolver	260	Zero
	76mm Eley magnum cartridge, No.3 shot	12 bore shotgun	320	1.0
7.0mm	All above plus:-	9mm automatic	410	Zero to 20
	9mm Mk 2Z	sub-machine gun	360	Zero
